

## **SOUND SYSTEM AND LIGHTING FOR CONCERTS AND EVENTS**

welcome to Lichthaus Halle,

We are looking forward to the event/concert with you.  
To make sure things run smoothly, we wrote down everything  
we have available regarding audio engineering and things you need  
to watch out for. In case of questions, feel free to contact us directly.

**to be brought along from artists / bands**

- Instruments, if needed stands for them (p.e. for keys or guitars)
- Guitar/bass Amps
- Other Equipment needed (p.e. for In-Ear-Monitoring)

**additional Information**

In general on part of Lichthaus an audio engineer is available (briefing/set up and/or complete mix). Please contact us (Checklist) beforehand which equipment/staff on part of Lichthaus is needed, so that we can prepare the concert accordingly.

We strive to be done with set up and soundcheck approx. 1 hour before the concert. Due to the fact that set up regularly takes place while the café is still open, comprehensive rehearsals are not possible next to the soundcheck. If required 2 small studio rooms in the upper floor are available therefore.

**thank you very much and best regards**
